

**Garden Party Rose***Rosa 'Garden Party'*

Height: 4 feet

Spread: 3 feet

Sunlight: ○

Hardiness Zone: 5a

Group/Class: Grandiflora

Description:

A lovely hardy hybrid displaying volumes of large perfect cream blooms with a flush of shell pink; an elegant addition to an outdoor entertainment area, along borders or in containers; vigorous and disease resistant, it will create the perfect focal point

Ornamental Features

Garden Party Rose is bathed in stunning lightly-scented creamy white flowers with shell pink streaks at the ends of the branches from early summer to mid fall. The flowers are excellent for cutting. It has dark green deciduous foliage. The glossy oval compound leaves do not develop any appreciable fall colour.

Landscape Attributes

Garden Party Rose is a multi-stemmed deciduous shrub with an upright spreading habit of growth. Its average texture blends into the landscape, but can be balanced by one or two finer or coarser trees or shrubs for an effective composition.

This is a high maintenance shrub that will require regular care and upkeep, and is best pruned in late winter once the threat of extreme cold has passed. Gardeners should be aware of the following characteristic(s) that may warrant special consideration;

- Spiny

Garden Party Rose is recommended for the following landscape applications;

- Mass Planting
- Hedges/Screening
- General Garden Use

Planting & Growing

Garden Party Rose will grow to be about 4 feet tall at maturity, with a spread of 3 feet. It tends to fill out right to the ground and therefore doesn't necessarily require facer plants in front. It grows at a fast rate, and under ideal conditions can be expected to live for approximately 20 years.

This shrub should only be grown in full sunlight. It does best in average to evenly moist conditions, but will not tolerate standing water. It is not particular as to soil type or pH. It is highly tolerant of urban pollution and will even thrive in inner city environments. This particular variety is an interspecific hybrid.
